# Economic Reality Check

Are **you** having trouble making ends meet?

Do **you** feel a sense of uncertainty about your economic future?

Do skyrocketing inflation and mortgage rates have **you** worried?

Will you have enough money to retire the way **you** want to?

# Wellness Check

Do **you** feel your best?

Are **you** living at peak performance?

Are **you** at your ideal weight and fitness level?

Are **you** getting enough sleep each night?

Have difficulty doing what **you** used to do because of aches & discomfort?

Are **you** struggling with emotional health and feelings of anxiety?

# Are You Living Your Best Life?

On a scale of 1 - 10.... where are you?

Health & Vitality \_\_\_\_ ?

Financially today \_\_\_\_ ?

Time Freedom \_\_\_\_ ?

What is **your** plan for your retirement years?

Will you have the **health and the lifestyle** to enjoy them?

# The Solution? Be The Example!

These are either the worst of times or the best of times...

High inflation = Huge market demand for **extra income**.

The Wellness industry is exploding due to the **rapidly aging population**.

Emerging social media/influencer model is **growing exponentially**.

Speed of communication today **levels** the playing field.

The **world** is now your backyard.

# The Global Leader in Health Innovation... CTFO!

CTFO is committed to bringing ground-breaking, health & wellness innovations to the world!

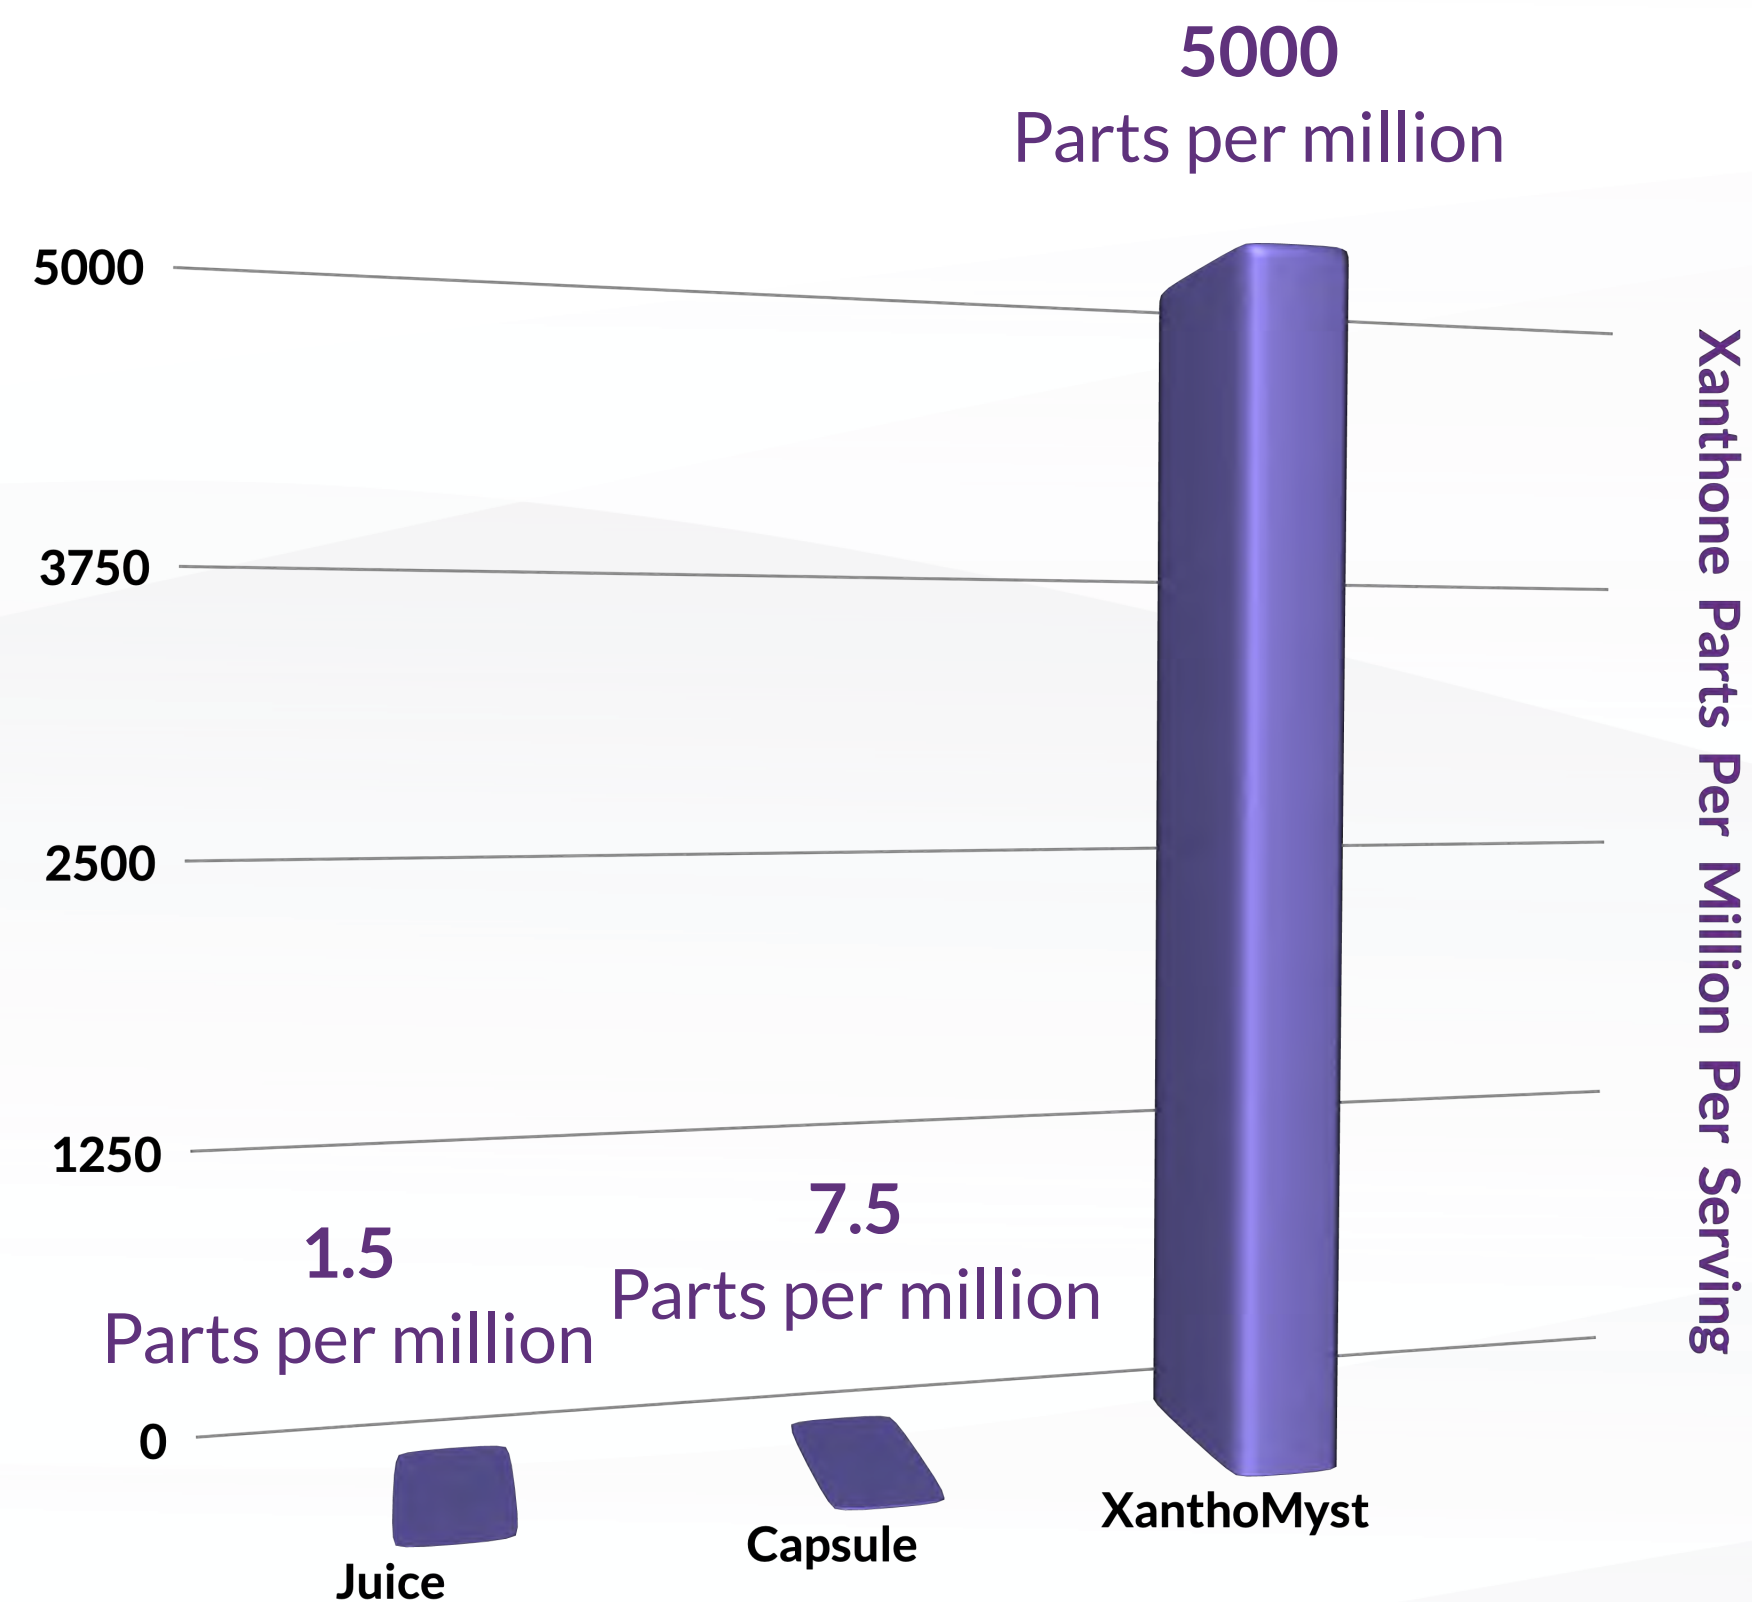

These historic innovations create unsurpassed global opportunities for those that take massive action.

How would your life change if you had more...?

**Money... Time... Health... Contribution...**

# 10xPure™ Breakthrough Discovery

## Superior Extraction, Concentration & Bioavailability

Our proprietary 10xPure™ technology extracts and concentrates pharmaceutical-grade Mangosteen Xanthone compounds into a double-encapsulated, liposomal nano-emulsion.

Deliver liposomal nano-emulsion via oral Myst™ technology directly via tiny droplets to the soft tissue, bypassing degrading digestive enzymes.

Offer superior potency and bioavailability at less than half the cost.

*3rd Party Ph.D scientist confirms testing results, "the Xanthone molecule testing amount being delivered is almost 4000 times more than two of leading competitor products tested. This is a very important discovery."*

# 10xPure™ Technology

## Solves The Problem of Low Oral Bioavailability

Most supplements on the market are insoluble compounds with very low bioavailability and absorption by the cells.

With most **powders, capsules, pills, patches and juices** only a fraction of the active ingredients get to the target orally.

Traditional **Xanthone & Glutathione** supplements on the market are almost completely destroyed by the body - on average, **less than 10%** of these traditional products' ingredients are utilized by the body.

Historically expensive to buy liquids, mostly contain water and other fruit juices and are expensive to ship.

# 10xPure™ Technology / Twist & Myst™ Delivery

XanthoMyst™ unique oral delivery Myst™ with our proprietary double encapsulation, liposomal nano-emulsion form tiny droplets that quickly adhere to the soft tissue and absorb more easily.

“Most potent, fastest delivery, Mangosteen Xanthone-rich supplement with the best bioavailability, ever offered in the marketplace.”

Now over 800 clinical studies on Mangosteen Xanthonenes.

Additional formulations with 10xPure™ liposomal nano-emulsion and Myst™ delivery are in the pipeline.

The image shows a screenshot of the PubMed website search results for the term "mangosteen". The page header includes the NIH logo and the text "National Library of Medicine National Center for Biotechnology Information". The search bar contains "mangosteen" with options for "Advanced", "Create alert", and "Create RSS". Below the search bar are buttons for "Save", "Email", and "Send to". The results are sorted by "Best match" and show "767 results". A "RESULTS BY YEAR" chart is visible, showing a significant increase in publications starting around 2015 and peaking in 2023. The first result is titled "Medicinal properties of mangosteen (Garcinia mangostana L.): A comprehensive update." by Ovalle-Magallanes B, Eugenio-Pérez D, and Pedraza-Chaverri J. The second result is "The purple mangosteen (Garcinia mangostana): Defining the potential of selected xanthonenes." by Nauman MC and Johnson JJ. The page also includes filters for "MY NCBI FILTERS" and "TEXT AVAILABILITY" (Abstract, Free full text, Full text).

# Glutathione... Your Body's Master Antioxidant

As Glutathione levels decrease our bodies begin the *dis-ease*, called “aging”.

Did you know that **Glutathione levels** in cells could predict how long an organism lives?

Glutathione is **vital** for optimum health... and is the **#1** growing segment in “bio-hacking”.

Glutathione helps to maintain physical health by **neutralizing** free radicals.

Glutathione is **essential** to maintaining a healthy immune system.

Glutathione aids in cellular **rejuvenation**.

# The GlutaMyst™ Innovation

The world's most advanced breakthrough, uniting pharmaceutical-grade, “reduced” nano-glutathione with an unprecedented proprietary **Cellular Nutrition Blend - consisting of 60 proven nutrients!**

CTFO’s revolutionary formula marries the anti-aging prowess of Glutathione with our exclusive engineered formula to rejuvenate, revitalize and restore **youthful vitality.**

Traditional glutathione supplements on the market are almost completely destroyed by the body. **The key differentiator? End-state Glutathione. (Not a Pre-cursor)**

**GlutaMyst™** nano-bubbles are absorbed and transported with lightning speed directly to the liver.

# Ageless Resilience With GlutaMyst™

Imagine if you could *reverse* time?

Do you want to...

Speed-up the aging process? or... Delay the aging process?

Do you want to replicate **healthy** or **unhealthy** cells?

# 37 Trillion Reasons...

Cells

300 billion new cells every day.  
200 million per minute.

Tissues

3 millions cells per second die...  
and are replicated.

Organs

Systems

*Do you want to replicate  
healthy cells...*

*or **unhealthy** cells?*

**You!**

It's your choice...

**Red Blood** cells replaced every **120 days**

**Heart** cells replaced every **6 years**

**Fat Storage** cells replaced every **10 years**

**Liver** is replaced every **300-500 days**

The **Skeleton** is replaced every **10 years**

**Skin** cells are replaced every **39 days**

# A Massively Growing Market in High Demand

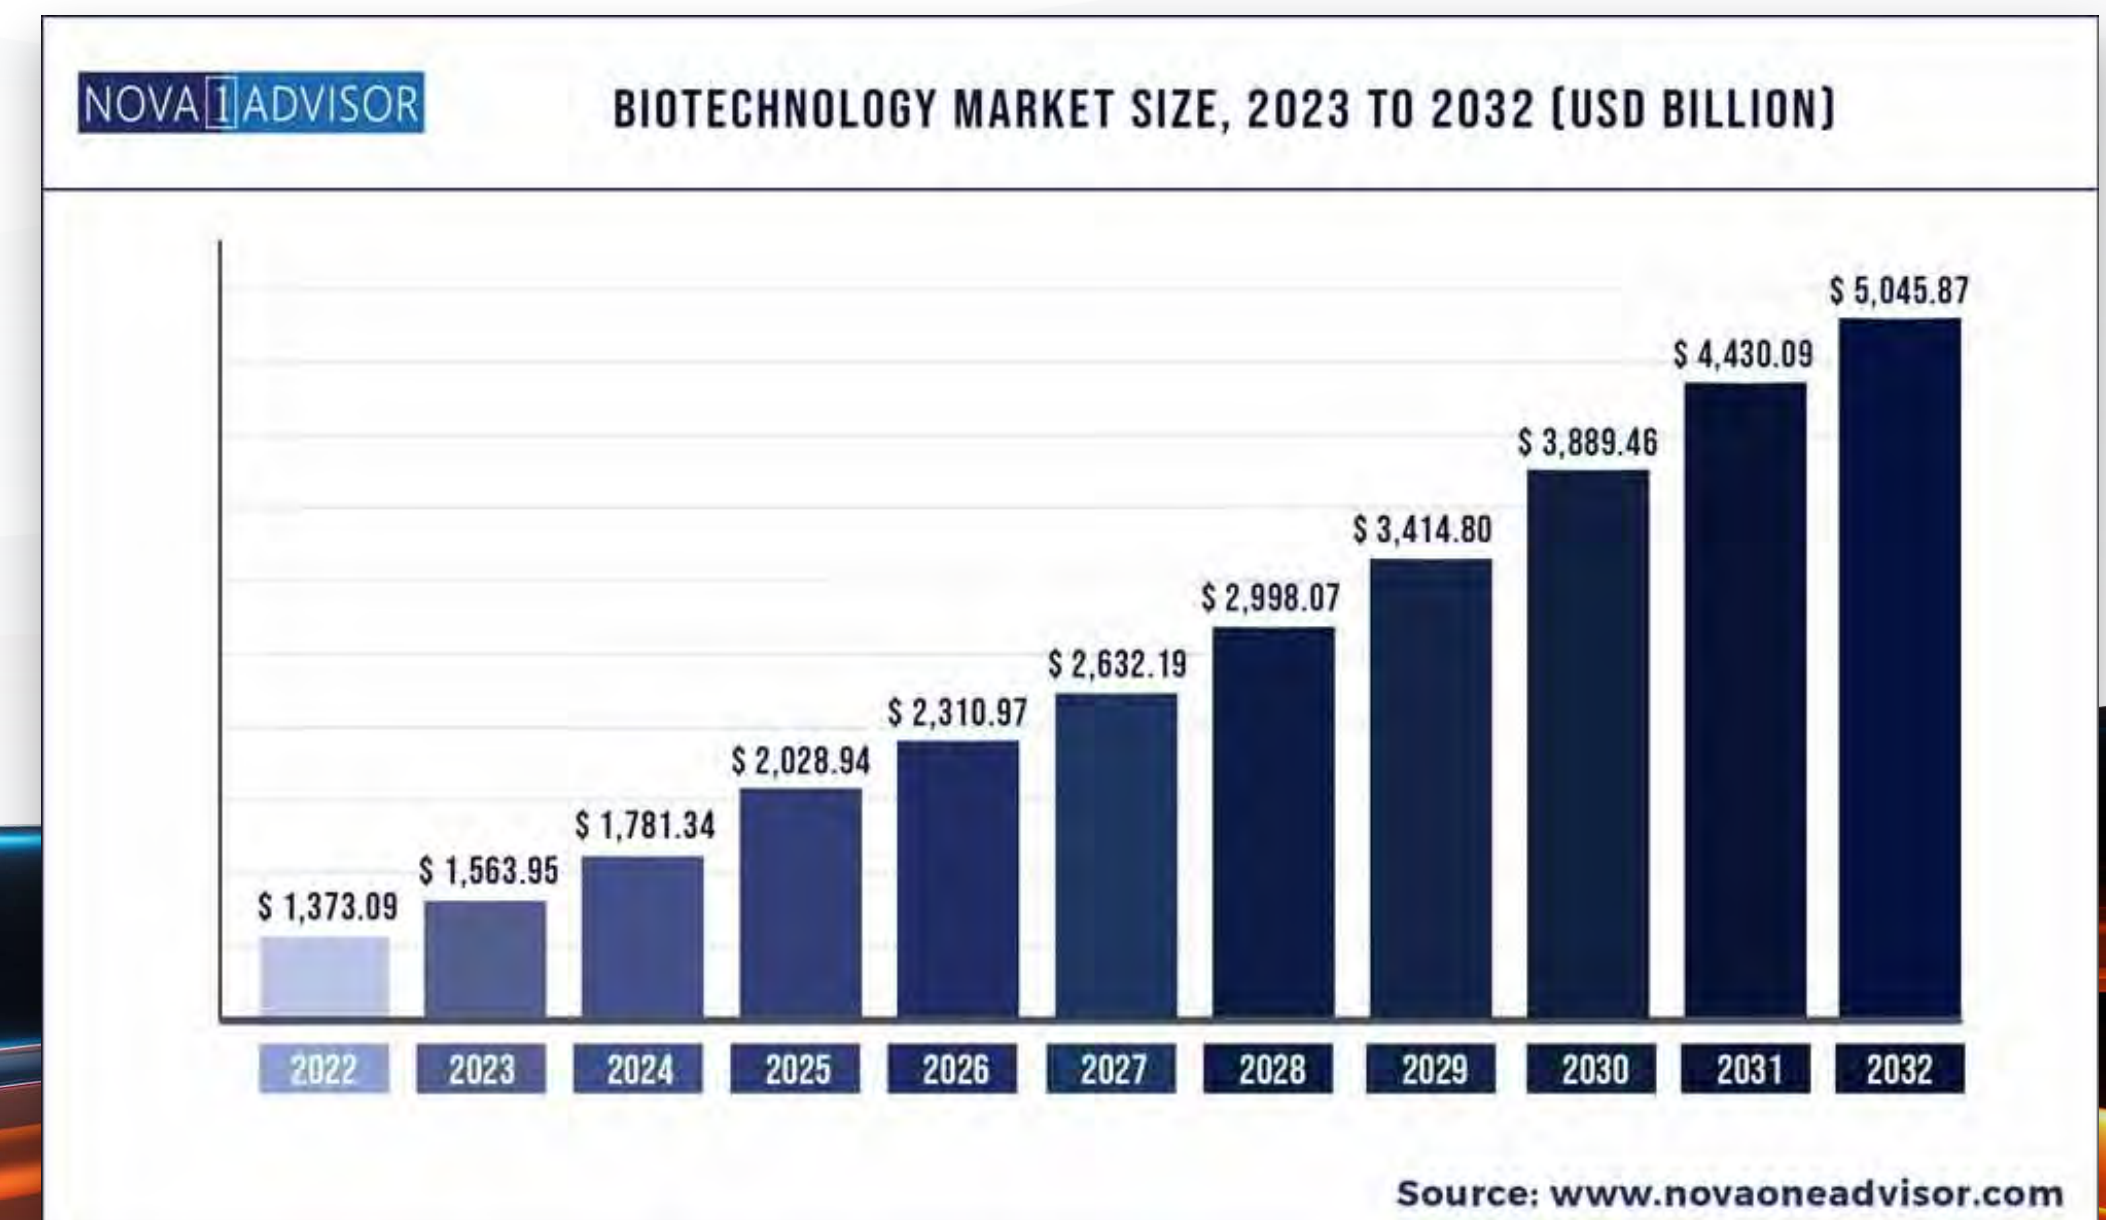

CTFO is poised for explosive growth - officially registered in **24 countries** & growing.

Positioned on the leading edge of the multi-billion **Nano-biotechnology** market...

- surging to **USD \$5.1 billion** by 2032

*“The worldwide glutathione market value is expected to grow from USD \$359 million in 2023 to USD \$845 million by 2033. Over the forecast period, global glutathione demand is predicted to increase at a **CAGR of 8.2%**”*
